

Even feed strictly prohibited.  
Many animals have died painfully due to improper feeding.  
Bread, plastic bags, leftovers cause deadly colic.  
If you have used food for the animals,  
Throw it in the feed box at the entrance.  
Your donations will be shared among all animals.  
Thank you for your understanding.

---

Please donate your own food here.  
It will be sorted and distributed fairly.  
We like:  
Apples, salads, carrots and potatoes.  
From bread and rolls we get stomach ache.
